Dear Ms. Woods:

You ask whether certain information is subject to required public disclosure under chapter 552 of the Government Code. Your request was assigned ID# 40541.

The Plano Independent School District (the "district"), which you represent, received a request for "the originals of the February, March and April monthly calenders of employee, Kathy Seei." You have submitted to this office copies of the February, March and April pages from Ms. Seei's calender. You claim that this information is excepted from disclosure under section 552.101 of the Government Code.

You characterize the calender at issue as Ms. Seei's personal calender. The calender appears to contain both personal and work-related entries, but you state that the entries "were made solely for [Ms. Seei's] own use." Furthermore, you have demonstrated that Ms. Seei purchased the calender at issue with her own funds, kept the calender in her purse, and was the only person who made entries in the calender. Under these circumstances, we conclude that the calender is not public information subject to the Open Records Act. *See* Open Records Decision No. 635 (1995). Because we find that the requested information is not subject to disclosure under the Open Records Act, we need not address your claim that the information is excepted from disclosure under section 552.101 of the Government Code.

We are resolving this matter with an informal letter ruling rather than with a published open records decision. This ruling is limited to the particular records at issue under the facts presented to us in this request and should not be relied upon as a previous

determination regarding any other records. If you have questions about this ruling, please contact our office.

Yours very truly,
